"When gold has been purified up to twenty-four carats, it can no longer be consumed by any fire; not gold itself but only dross can be burnt away. Thus the divine fire works in the soul: God holds the soul in the fire until its every imperfection is burnt away and it is brought to perfection, as it were to the purity of twenty-four carats, each soul however to its own degree. When the soul has been purified it stays wholly in God."
